

Investment results for the first quarter of fiscal 2017

Government Pension Investment Fund, Japan

The Government Pension Investment Fund (GPIF) manages the public pension fund in the long-term and its investment results should be assessed in the same manner. In addition to the annual report, which is legally required, the GPIF publishes the quarterly report to enhance the transparency to the public.

Please note that the results include the change of the fair market value and that the results tend to fluctuate in accordance with the market movement.

	2017 1st Q	From fiscal 2001 to the first quarter of fiscal 2017
Rate of investment return (Investment income/loss (¥ billion))	+3.54%(Not annualized) (+5,115.3 (Income and dividend income 901.6))	+3.07%(Annualized) (+58,475.6 (Income and dividend income 28,982.4))
Total assets (¥ billion)	149,198.7 (End of the first quarter of fiscal 2017)	

Note1: The GPIF's portfolio consists of the funds invested in the markets (hereinafter "market investment," which is marked to market) and FILP bonds (Fiscal Investment and Loan Program bonds), which are held to maturity and valued at amortized costs.

Note2: Return figures are the average of returns of market investment and FILP bonds weighted with investment principal, and are gross of fees.

Note3: Period rate of return and period investment income are compared from the previous quarter.

Note4: Rate of investment return (Annualized) is calculated as a geometric mean.

Note5: Cumulative Income adds Investment income/loss of each fiscal year until the previous fiscal year and Investment income/loss of until this quarter. Cumulative Income since 2006, the first year when we were established as the independent administrative agency, is ¥45,049.8 billion (Income and dividend income ¥24,507.6 billion)

Reference index : The first quarter of fiscal 2017
